EDUCATION

Vellore Institute of Technology

Bachelor of Technology in Computer Science and Engineering | **CGPA – 8.40/10.0**

2022 - 2026

SKILLS

Languages: JavaScript, TypeScript, SQL, HTML5/CSS3, Python, Java, C
Libraries/Frameworks: React, Node.js, Express.js, Next.js, Flask, PyTorch, Tailwind CSS, GSAP
Databases: MySQL, PostgreSQL, MongoDB
Other tools and platforms: Postman, Git & GitHub, Docker, Google Colab, Jupyter Notebook

WORK EXPERIENCE

Edunet Foundation

Jan 2025 - Mar 2025

Python Machine Learning Engineer Intern | Remote

- Developed & trained crop recommendation model using Random Forest to analyze soil, climate, and nutrient data, improving crop recommendation accuracy by 15%.
- Built a Flask-based REST API, enabling real-time predictions for farmers, improving accessibility.
- Optimized data preprocessing pipeline, reducing model training time by 30%, and collaborated on dataset analysis to enhance model precision.
- Deployed a web dashboard for describing the reason and cause for the prediction.

PROJECTS

KalpChitran – Image Generator AI Web App

[Link](#)

- Built a clean, responsive frontend with React.js and Tailwind CSS, delivering consistent performance and layout across multiple screen sizes.
- Implemented a secure and scalable Node.js Express backend handling API communication, error handling, and input validation, supporting 1000 API requests per day.
- Deployed both frontend and backend services on Render, ensuring 99.9% uptime.
- Tech:** React, Tailwind CSS, Node.js, Express.js, MongoDB, JavaScript.

Swolenormous – Workout Web App

[Link](#)

- Designed a clean and intuitive user interface that allows effortless navigation without requiring sign-up or login, ensuring instant and seamless access for users, increasing the ease of navigation.
- Launched the React fitness application on AWS Amplify, guaranteeing a 99% uptime and continuous deployment through GitHub.
- Implemented a mobile-first responsive design to provide seamless user experience across all devices, achieving 100% responsiveness.
- Tech:** React, Tailwind CSS, JavaScript.

Mojito Cocktail –Landing page

[Link](#)

- Developed a visually stunning and fully responsive landing page with advanced GSAP animations, delivering smooth, high-performance transitions and an immersive user experience across all devices.
- Deployed on Render with continuous integration from GitHub, ensuring 99.9% uptime, seamless automated updates, and consistent performance for uninterrupted user access.
- Tech:** React, Tailwind CSS, GSAP, JavaScript.

PulmoScan – Chest X-ray Pneumonia Detection System

[Link](#)

- Built deep learning system using MobileNetV2 CNN achieving 88% test accuracy on medical imaging data.
- Implemented Grad-CAM explainable AI for transparent model predictions with confidence scores.
- Engineered complete ML pipeline from preprocessing to deployment with documentation in Google Colab.
- Deployed using Flask web application allowing real-time image uploads and diagnostic predictions ensuring 99% uptime.
- Tech:** Python, TensorFlow, Flask, HTML/CSS, OpenCV, Grad-CAM, Google Colab.

CosmoSnap – NASA APOD Image Viewer

[Link](#)

- Developed an astronomy-focused web application that fetches and displays NASA's Astronomy Picture of the Day (APOD) with detailed descriptions, providing users with daily cosmic imagery and educational content.
- Integrated NASA's official APOD API to retrieve high-quality space images and astronomical data, ensuring accurate and up-to-date content delivery.
- Implemented browser local storage caching to store fetched images and data, reducing redundant API calls by 80% and improving load times for enhanced performance.
- Built with mobile-first responsive design using Tailwind CSS, ensuring 100% responsiveness across all devices from smartphones to desktops.
- Tech:** React, Tailwind CSS, JavaScript, HTML/CSS, NASA APOD API

CERTIFICATIONS & ACHIEVEMENTS

- IBM Data Science Professional Certificate** by Coursera
- 500 Days Badge** by LeetCode
- Oracle Cloud Infrastructure 2025 Certified Foundations Associate**
